

Brother's Latest Fax Machine Gives Superb Results

**FAX-2820** 

- √ Easy-to-use
- √ Enhanced Features
- ✓ Integrated Handset

Tired of smudgy, blurred faxes that are a chore to read? Then its time you move on to the next level of faxing – Laser Fax! Brother's latest laser fax machine – FAX-2820 produces crisp clear printouts like a normal laser printer would. With sharp black and white contrast, and smooth gradation of greyscale, you can send and receive super clear faxes that only laser technology produces.

## **Laser Fax and More**

FAX-2820 is more than just a fax machine. It triples up as a laser copier and a phone as well. As a copier, the machine has a resolution of up to 200 x 300dpi, with reduce/enlarge ratio from 50%-200%, in 1% increments. Of course, with the integrated handset, it gives you so much more communication convenience. But that's not all; FAX-2820 can be converted into your very own laser printer! Just download and install on your PC the free printer driver from <a href="http://solutions.brother.com">http://solutions.brother.com</a>

# **Cool Specs**

Besides packing a punch with its functionalities, Brother has included many cool specifications in FAX-2820 for advanced uses:

## √ View Easy Control Panel

FAX-2820 is ergonomically designed so that the control panel is shown up to the user at a steep slant. This makes it easy for the user to see and operate the controls, even if the machine is placed on a high shelf, or slotted deep into a cabinet.

# / Fast Fax, More Memory

A 14.4K bps G3 fax modem ensures fast transmission of fax. It has a standard 8MB memory that can store up to 400 pages\* of incoming and outgoing faxes!

#### / Simple Advanced Dialling

FAX-2820 comes with 20 one-touch dials and up to 200 speed-dial locations. Keeping track of your business partners and family members is never easier!

## √ No More Page-by-Page Faxing!

FAX-2820 comes with an Automatic Document Feeder that holds up to 20 pages of documents so that you can save time by multi-page faxing or copying.

# Save Money, Save the Environment

To help you save on running costs, FAX-2820 also comes with a separate toner cartridge and drum that prints up to 2,500 and 12,000 sheets respectively. Now, you do not have to throw away a usable drum when your toner is exhausted – a saving that any user will appreciate.
