# HL-8050N Series Printers for Business

### High-Speed Network-Ready Workgroup Laser Printer

### Featuring...

- Up to 35ppm print speed
- High-quality printing at up to 1200x1200dpi resolution
- 64MB of memory standard, upgradeable to 576MB\*
- PCL<sup>®</sup>6 and BR-Script3<sup>1</sup> emulations standard
- 700-sheet standard paper input capacity, expandable up to 1,800 sheets with optional trays\* (1250 sheet standard imput capacity on HL-8050TN and HL-8050DTN)
- 10/100 BaseT Ethernet, Parallel and USB interfaces standard
- Expansion options include lower paper trays, duplex unit, and offset catch tray\*

**HL-8050DTN** 

## High-Speed, High-Performance Workgroup Laser Printers

will be glad they chose the high-speed, high-performance HL-8050N series monochrome laser printers from Brother.

### World-class workgroup features

Network-ready and network-friendly, the HL-8050N series offers advanced features and tools that make it easy to set-up and begin using the printer immediately.

It's ready to connect to your network with a built-in 10/100 BaseT Ethernet print server, and a variety Novell of powerful network management tools.

These powerful network management tools allow a range of flexibility for managing the printer, as well as other SNMP compliant printers either departmentally, locally or from an enterprise perspective.

The HL-8050N series also features a wide variety of industry-standard emulations including PCL<sup>®</sup>6, IBM<sup>®</sup> Proprinter, Epson® FX -850 and HP-GL. Users of popular graphic design programs will appreciate its BR-Script3 (PostScript<sup>®</sup> 3<sup>™</sup> language emulation) support.

### Versatile paper handling and expansion options\*

The HL-8050N offers 700-sheet input capacity via two built-in paper trays - a 550-sheet paper tray and a 150sheet tray. The two paper trays make it possible to store letter-size paper in one and legal size in the other for paper handling flexibility. The HL-8050TN and HL-8050DTN offer an additional 550 sheet tray for enhanced paper handling flexibility.

Up to two 550-sheet trays can be added, bringing the total input capacity to 1,800 sheets. Any of the built-in or optional paper trays can be set to automatically detect different paper sizes in addition to letter and legal.

An optional offset catch tray increases the printer's output capacity from 500 sheets to 1,000 sheets while also offsetting the stacks of different print jobs so they do not have to be separated manually.

Other options include a duplex unit (standard on the HL-8050DTN) to enable two-sided printing, and upgrading the memory from 64MB up to a maximum of 576MB using industry-standard 100-pin DIMM modules.\*

Finally, the printer can also accept a CompactFlash<sup>™</sup> card as well as optional bar code and PostScript<sup>®</sup> 3<sup>™</sup> fonts.\*

### Increased productivity and low total cost of ownership

The HL-8050N series arrives with an up to 10,000-page toner cartridge as standard. It's high-capacity replacement cartridge delivers up to 17,000 pages.\*

Further reducing its long-term operating costs is a userreplaceable fuser unit. This feature, along with the highcapacity replacement toner cartridge, helps minimize the printer's overall total cost of ownership.

### Excellent connectivity and compatibility

Any user in your workgroup can connect and print to the HL-8050N series via its automatic emulation and interface switching.

The HL-8050N series has a built-in 10/100 BaseT Ethernet print server that allows you to remotely monitor printer functions via your Web browser.

Advanced users can also utilize

Brother's exclusive BRAdmin Professional software or Web-BRAdmin<sup>3</sup> to manage any network-connected Brother printer plus any SNMP-compliant printers in TCP/IP and IPX/SPX environments.

For compatibility with leading office applications, a complete set of Windows<sup>®</sup> and Mac<sup>®</sup> drivers assures that everyone in your workgroup can print to the HL-8050N series.

### Advanced print functions

The HL-8050N series offers a number of advanced printing functions that provide a higher level of protection for organizations concerned with the security of their printed materials.

These include the ability to implement password-protected secure printing, as well as 5 different job spooling print functions to protect the confidentiality of printed materials.

The HL-8050N series provides the means to password protect documents to ensure that only the person who is supposed to see them, actually does.

### More advanced printing features

The HL-8050N series offers many additional advanced features that will exceed your expectations and reaffirm its value. These include:

- IPP Printing
- Poster Printing
- Secure Printing
- Watermark Printing
- Toner Save Mode

- N-Up Printing
- Job Reprint
- Job Cancel
- Booklet Printing
- Manual Duplex

N-Up

### Service and support are part of the package

We provide toll-free technical support, a one-year on site limited warranty, interactive animated help files, and the Brother

Solutions Center (http://solutions.brother.com), all backed by our nationwide network of authorized customer care centers.

The HL-8050N series are high-speed, high performance monochrome laser printers that can easily expand and adapt to meet your workgroup's needs.

Fast printing, excellent connectivity, and expandability make these printers a great choice for your growing workgroup.

### Other laser printers from Brother:

## HL-7050 series

The HL-7050 Series monochrome laser printers offer up to 30ppm print speed, a very low cost per page and expandable paper handling.

\*Additional purchase required. <sup>1</sup>PostScript<sup>\*</sup>3<sup>TM</sup> language emulation. <sup>2</sup>Cables not included. <sup>3</sup>Download at http://solutions.brother.com. Requires dedicated IIS Server, <sup>5</sup>Supply yields are based on letter/A4 size media at approximately 5% coverage. PostScript is a trademark of Adobe Systems, Inc. ### HL-8050N Series Product Specifications

### Model

- Print Technology: Electrophotographic laser
- Print Speed: Up to 35ppm
- Time to First Page:
  9 seconds
- Resolution: 300x300dpi; 600x600dpi; 1200x1200dpi
- Memory: 64MB, up to 576MB via optional 100-pin DIMM\*
- Processor: 300MHz
- Printer Emulations: PCL\*6, BR-Script3', IBM Proprinter XL, Epson FX-850, HP-GL
- Resident Fonts: PCL: 66 scalable, 12 bitmap, 11 bar code BR-Script3<sup>1</sup>: 66 scalable fonts
- Storage Options\*: CompactFlash Memory
- Interfaces<sup>2</sup>: 10/100 BaseT Ethernet, IEEE 1284 Parallel, USB 1.1

### Paper Handling

- Standard Input: 150-sheet paper tray 550-sheet paper tray
- Optional Input\*: Up to 1,800-sheet capacity via (2) 550-sheet paper trays
- Standard Output: 500 sheets face down, 70 sheets face up
- Optional Output\*: 500-sheet offset catch tray
- Paper Sizes: Letter, Legal, Exec., A4, A5, A6, B5, B6 Envelopes: Com 10, DL, B5, C5
- Media Types: Plain Paper, Bond, Recycled, Envelopes, Labels, Transparencies
- Media Weights: Standard paper trays - 16 to 57 lbs.

### Software

- Printer Drivers: PCL: Windows® 95/98/Me/NT 4.0/2000 and XP Mac: OS 8.6-9.2, OS X, 10.1/10.2.1–10.3 or greater PostScript® 3 PPD file
- Other Software: Interactive Help, Driver Deployment Wizard

### **Physical Dimensions**

 Size / Weight (Base Model) : 422mm(w) x 465mm(d) x 404mm(h) / 20.50kgs.

### Networking

- Interface: 10/100 BaseT Ethernet
- Multi-Protocol Support: TCP/IP, IPX/SPX, AppleTalk, Apple Rendezvous™, DLC/LLC, NetBEUI
- Network Management Tools: Web-BRAdmin<sup>3</sup>, BRAdmin Professional, Webbased Management

### Electrical

- Power Requirements: 120 VAC +/- 10% 50/60 Hz
- Power Consumption: Printing < 593W (average) Standby < 105W Sleep mode < 12W</li>

### **Environmental**

- Temperature: 10°C to 32.5°C
- Humidity: 20% - 80% (without condensation)
- Noise: Printing: < 54dB; Standby: < 27dB</li>

### Service

- Warranty: One-year on-site limited warranty
- Service: One-year limited parts and labor

### Supplies and Yields<sup>4</sup>

- Replacement Toner: TN-1700: up to 17,000 pages @ approx. 5% coverage
- Fuser unit: FP-8000: up to 200,000 pages

### **Options & Accessories\***

Item	Part Number
Toner Cartridge	TN-1700
Fuser Unit	FP-8000
Duplex Unit	DX-8000
Offset Catch Tray	CT-8000
Lower Paper Tray Unit	LT-8000
PS/3 Font Upgrade	BS-3000
Bar Code Font Upgrade	BT-1000
