Everybody loves wireless technology. It gives you the freedom to print from anywhere in your home or office, or share your printer with others. Now this inexpensive, easy to use all-in-one makes wireless much more affordable.

The MFC-255CW prints, scans, copies and even faxes, all in a neat, compact package. And with high print speeds to save time and excellent print quality to make the most of your photos and colour documents, it's pretty much perfect for the home business user.

Quick and easy colour printing

Nobody wants to hang around waiting for their printer. So for letters, reports, or even your holiday snaps, the MFC-255CW prints impressively quickly in colour and black and white. It even produces lab quality photos too. You can even adjust skin tones and eliminate blemishes and red eye with the free FaceFilter software. With Brother inks and paper, your photos are designed to last for up to 100 years, with no fading due to exposure to light.

Efficient faxing and copying

The fax on the MFC-255CW won't have you waiting around either, thanks to 40 speed dials and a transmission speed of 6 seconds per A4 page. This fast transmission could even save you money on your phone bill.

You'll even save time copying, as you don't need your computer switched on to copy, reduce or enlarge images or even condense multi-page documents onto one sheet, saving you paper.

Flexible colour scanning

Scanning is easy and flexible. The MFC-255CW makes light work of scanning bulky, bound documents or books, simply place your document on the flat glass surface and choose how you want to scan. For instance, you can scan direct from and to media cards in PDF format or directly to email. There's also the OCR (Optical Character Recognition) feature, which means you can edit pre-printed documents without having to re-type them.

Packed with handy, easy to use features

All the features on our machines are designed to make your life easier, by saving you time, money and even space. Take a look at the features below to help you decide if this printer is ideal for you.

Save money

as you can print, copy, scan and fax in one machine

Save time

with fast 27/33ppm colour/black & white printing and a 6 second fax transmission

Better quality prints

with up to 6000 x 1200dpi print resolution, and borderless prints (from 6x4" up to A4)

For added convenience

you can print directly from, or scan to media card. You can also scan to email, OCR image, file or media card

Low power consumption, minimal noise, non-hazardous materials and recycling friendly design meets the renowned Energy Star and Blue Angel environmental standards. Brother has also been awarded 100 out of 100 by the Ethical Company Organisation for the third year in a row - the only printer manufacturer to achieve this.

And our commitment to the environment now includes sponsoring 4 square kilometres of Amazon rainforest in partnership with Cool Earth, which protects endangered areas to help combat global warming.

You're covered

When you buy a new piece of equipment, the last thing you expect is for it to let you down. In fact, when something does go wrong with one of our products, we're as surprised as you are, as every Brother machine has been through rigorous testing. So, in the unlikely event that you do have a problem with your machine, you'll be pleased to hear that every Brother printer comes with a full 12 month warranty plus 24 hour online support. Which means if your machine does let you down, our dedicated aftercare team won't, even after your warranty period has expired.

With Brother's Innobella original ink cartridges and paper you can be sure of top quality prints time after time, with true, vivid colours from 100 years lightfastness fade-resistant inks and specially coated paper. You'll even save money too, as the design uses individual ink cartridges so you only have to replace the one that's run out.
