

HP LASERJET PRO 200 M276 COLOUR MULTIFUNCTION PRINTER SERIES

M276n • M276nw

Streamline office tasks with touchscreen access to business apps on a wireless-enabled colour MFP.^{1,2,3} Print from virtually anywhere with HP ePrint.³ Boost productivity with versatile scan, fax, and copy options.

Web-connected ease of use

- Use apps and a colour touchscreen to access and print from the web – even scan to online storage sites.¹
- Print from virtually anywhere with HP ePrint.⁴
- Install in only a few minutes – there's no CD required with HP Smart Install.⁵

Versatile, networked productivity

- Help save time and effort by scanning documents directly to a flash drive, email, network folder, or the web.
- Print and share in the office with wireless and Ethernet connectivity – and install your MFP fast.^{2,3,6}
- Finish copying and scanning jobs with less effort, using the 35-page automatic document feeder.
- Use the easy-access USB port to print from – and save to – a flash drive.

Professional-quality colour and results

- Produce vivid colours with HP ImageREt 3600 and ColorSphere II toner. Optimise settings with HP EasyColor.
- Print one-sided copies of two-sided IDs, and improve the image quality of your copied images.
- Print professional-quality colour at speeds up to 14 pages per minute A4 and letter.⁷
- Print documents affordably. Get the same black cost per page as a black-only HP LaserJet printer.⁸

Resource savings to help meet environmental goals

- Reduce energy use with HP Auto-On/Auto-Off Technology.⁹
- Save energy and time with Instant-On Technology.¹⁰
- This MFP's compact size and preinstalled cartridges result in less packaging waste.
- Enjoy free, easy recycling – cartridges returned through HP Planet Partners are recycled responsibly.¹¹

⁵ HP Smart Install works with Microsoft® Windows only. ⁶ HP Auto Wireless Connect may not be available for all system configurations. Wireless performance is dependent upon physical environment and distance from access point. For information on compatibility, visit www.hp.com/go/autowirelessconnect. ⁷ Printing speed measured using ISO/IEC 24734 and excludes first set of test documents. For more information see, www.hp.com/go/printerclaims. Exact speed varies depending on the system configuration, software application, driver, and document complexity. FPO exact speed varies depending on the system configuration, software programme, document complexity, network, media width, media weight, environment, and job size. ⁸ Compared with HP LaserJet Pro M1536dnf MFP. Assuming customer is printing at least 30% of total pages in colour with content similar to the colour ISO/IEC 19798 test suite (www.iso.org/jtc1/sc28) and overall average job length of three pages. Yields established using ISO/IEC test standards. Actual yields and costs vary considerably depending on images printed, number of colour pages printed, and other factors. ⁹ HP Auto-On and Auto-Off capabilities are subject to printer and settings. ¹⁰ Compared with products that use traditional fusing. ¹¹ Programme availability varies. HP cartridge return and recycling is currently available in more than 50 countries and territories around the world through the HP Planet Partners programme. ¹ Measured using ISO/IEC 24734, excludes first set of test documents. For more information see <http://www.hp.com/go/printerclaims>. Exact speed varies depending on the system configuration, software application, driver, and document complexity.
² HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period.
³ Duty cycle is defined as the maximum number of pages per month of imaged output. This value provides a comparison of product robustness in relation to other HP LaserJet or HP Color LaserJet devices, and enables appropriate deployment of printers and MFPs to satisfy the demands of connected individuals or groups.
⁴ First copy out and copy speed measured using ISO/IEC 29183, excludes first set of test documents. For more information see <http://www.hp.com/go/printerclaims>. Exact speed varies depending on the system configuration, software application, driver, and document complexity.
⁵ FADF sustained speed of up to 10.5 ppm during scan to network folder, default settings (200 dpi, color, letter, PDF) using HP Scan Utility. ADF sustained speed of up to 12 ppm during copy for default settings and 14.5 ppm when auto-select is disabled. Exact speed may vary depending on scan or copy settings, network conditions, computer performance, and application software.
⁶ Based on standard ITU-T test image #1 at standard resolution. More complicated pages or higher resolution will take longer and use more memory.
⁷ Power requirements are based on the country/region where the printer is sold. Do not convert operating voltages. This will damage the printer and void the product warranty.
* Available for M276nw model only.
